MARLIE BLUE LIFE LESSONS

My little lesson

Marlie Blue and the Lights in the Night

Let go with kindness

Choose one little activity, then add a sticker or color its circle.

My name: _____

I gave a little space.

Wave to a bird or butterfly. Let it go on its way.

I made a memory.

Draw something you love that belongs in the wild.

I shared how I felt.

Tell a grown-up how saying goodbye feels today.

A little chat together

What can we enjoy, then leave free to grow?

For grown-ups: All feelings are welcome. Stay close when letting go feels hard.

You can love something without keeping it.
